MEDmobility

The HomeGlide aluminium rail has a slim design giving a modern and clean look.

02

The HomeGlide stairlift delivers a solution for all straight staircase requirements and budgets. Designed for effortless simplicity with superior comfort and value. The HomeGlide is fitted onto your staircase and not your wall. This allows the lift to be installed quickly, efficiently and with minimal disruption to your home.

BB

I am so happy with my HomeGlide stairlift. It's very comfortable, and the ride is super smooth. The service from the technicians from my local dealer was excellent, and I would highly recommend it to anyone looking for a new stairlift!"

03

1

Comfort Designed For You

The generous and luxurious padding ensures a firm and comfortable seat with plenty of support. The warm grey colour of the upholstery is a modern neutral tone which will blend seamlessly in every household. The upholstery is also fire retardant, liquid repellent and easy to clean. The HomeGlide is operated with an easy-to-use joystick and requires minimal effort to use the lift.

2

2

04 Compact & Discreet

The HomeGlide has a timeless design and is effortlessly simple, sturdy and satisfies your mobility requirements. The soft rounded shapes, are easy on the eye, allowing the HomeGlide to sit discreetly within the home. Remote control handsets allow the HomeGlide to park at either the top or bottom of the staircase, wherever is the most convenient for you. When not in use, the HomeGlide can be folded away to only 385mm (15") on any landing, out of the way of other staircase users.

3

Safety & Control

Your safety is of paramount importance to us. The HomeGlide stairlift is certified to machine directive 2006/42/EC, EN 81-40:2020 and UKCA standards. During travel, the retractable, easily accessible seatbelt will keep you secure on the stairlift. If the lift encounters an obstacle, it will safely come to a stop due to special safety edges on the drive unit and footrest. In addition, the stairlift is battery-operated, which means you can still use it during a power cut.

The HomeGlide offers an optional integrated call device feature (programmable up to three telephone numbers) to ensure you can stay connected with friends and family when using the lift.

It is designed to glide effortlessly along an aluminium track, providing an attractive, elegant and discreet addition to your home. Engineered with modern manufacturing techniques and technology, the HomeGlide stairlift range can be fitted to almost all straight staircases as narrow as 740mm (29") and has a maximum weight capacity of 160kg (25st).

3

When you choose the HomeGlide stairlift, you ensure an ideal solution for your staircase. With a smooth aluminium track, this stairlift can be installed on almost any straight staircase.

06

IT'S ALL ABOUT YOU

Joystick

With a comfortable soft-touch grip, the integrated joystick is user-friendly and requires minimal effort to take you up and down your staircase with ease.

Seatbelt

A retractable seatbelt keeps you secure while using your HomeGlide stairlift. The integrated sensor ensures the seatbelt is fastened securely before travel, and the stainless steel buckle is designed to be operated with just one hand.

07

Folding Rail

If you have an obstruction at the foot of the staircase, you can choose to have an automatically powered hinge installed. Once you have used your stairlift, it will return to the top of the stairs, and the lower section of the rail will fold away, leaving the bottom of your staircase clear.

Call Device

Our optional call device ensures you stay connected with friends and family, with up to three different telephone numbers stored and contactable directly from your stairlift.

The HomeGlide includes intuitive remote control units at the top and bottom of the stairs so you can call your lift and send it to a parking point when not in use. With a modern handheld design and a neutral colour palette, they sit discreetly on the wall without intrusion.

Added Comfort with the HomeGlide Extra Package

By choosing the HomeGlide Extra package, you receive all of the features and benefits of the HomeGlide standard with further features to ensure the most comfortable ride. The HomeGlide Extra proves to be the ultimate marriage of design and functionality for any straight staircase.

1

Linked footrest

With the HomeGlide Extra package, your HomeGlide comes with a powered linked footrest. This feature makes it almost effortless when unfolding the chair as the footrest is connected to the seat - eliminating the need to bend down and have any unnecessary strain on your body.

2

Ergonomic seat

Designed by ergonomic experts, all HomeGlide models feature an ergonomic moulded seat designed to positively influence your posture while offering maximum comfort during travel. In addition, with the HomeGlide Extra package, you can choose from four different seat heights, providing a more tailored fit, ensuring the most comfortable seating position possible.

3

Powered swivel seat

The HomeGlide Extra package automatically upgrades you to the powered swivel seat. The powered swivel feature automatically turns the chair at the top landing as you maintain pressure on the joystick. This enables a safe exit from the chair as the lift automatically rotates towards the staircase landing.

4

Keylock

To prevent unauthorised or accidental use of your HomeGlide stairlift, the HomeGlide Extra and Outdoor package comes fitted with a dedicated keylock. This enables you to isolate the lift to specific people and is particularly useful with children or grandchildren visiting or if your lift is used in a public setting.

An ergonomic single moulded seat is designed to provide maximum security and support.

The HomeGlide proves to be the ultimate marriage of design and functionality for any straight staircase.
